20	Round Container N18	302

5. PRODUCTION SURVEY REQUIREMENTS

INFLATABLE RESCUE PLATFORM supplied by **Survitec SAS, France** in compliance with the type described in this certificate.

This type of product is within the category HBV of Bureau Veritas Rule Note NR320.

Survitec SAS, France has to make the necessary arrangements to have its works recognised by Bureau Veritas in compliance with the requirements of NR320 for HBV products.

The manufacturer shall institute a quality control procedure to ensure that all **INFLATABLE RESCUE PLATFORM** are produced to the same standard as the approved prototype and shall keep records of any production tests carried out.

Each equipment, or batch of equipment, is to be supplied with its Manual(s) for Installation, use & maintenance and instructions for servicing stations for frequency and tests to be carried out according to IMO Resolution A.761(18).

The servicing stations must be approved by a Recognized Organisation of Transport Canada and must be recognized by the manufacturer according to IMO Resolution A.761(18), for their competences to service and repack such life-rafts.

For information concerning the production phase, **Survitec SAS, France** has declared the following manufacturing place:

Survitec SAS

Route de Chatenet 17210 Chevanceaux - France

6. MARKING OF PRODUCT

Instructions, Diagrams, Markings illustrating the use of the **INFLATABLE RESCUE PLATFORM** shall be printed indelibly (to be both in English and in French)

Markings on the CONTAINER	Markings on the INFLATABLE RESCUE PLATFORM
Maker's name or trade mark	
Serial Number	
Name of approving authority	
BV type approval certificate number	
Number of persons it is permitted to carry	Number of persons it is permitted to accommodate over each entrance, in characters not less than 100 mm in height of a colour contrasting with that of the liferaft.
Date when last serviced	Name and place of servicing station where it was last serviced
Type of emergency pack enclosed	Date of manufacture (month and year)
Length of painter	
Maximum permitted stowage height above waterline	
Launching instructions	
INFLATABLE RESCUE PLATFORM	

Provision shall be made for marking each **INFLATABLE RESCUE PLATFORM** with the name and port of registry of the ship to which it is to be fitted, in such a form that the ship identification can be changed at any time without opening the container.

In addition, **INFLATABLE RESCUE PLATFORM** subject to extended service intervals should be marked to indicate that they have been approved and certified for extended service intervals in accordance with the guidelines MSC.1/Circ.1328.

7. OTHERS

This approval is given on the understanding that the Society reserves the right to require check tests to be carried out on the INFLATABLE RESCUE PLATFORM at any time, and that **Survitec SAS, France**, will accept the responsibility for informing shipbuilders or their sub-contractors of the proper methods of use and general maintenance of the liferaft and the conditions of this approval.

This type of INFLATABLE RESCUE PLATFORM may be subject to **extended service intervals** on Canadian non-convention vessels considering that INFLATABLE RESCUE PLATFORM are :

- serviced at an approved servicing station at intervals not exceeding 30 months for the first 10 years of their service lives, and thereafter at the frequency required by the Life Saving Equipment Regulations.
- inspected on board by inspection personnel in accordance with the provisions of the MSC.1/Circ.1328 and the instructions of the manufacturer at intervals not exceeding 12 months from the last service or onboard inspection and for the first 10 years of their service life.
